## Information

Halls 1 and 2 are our largest spaces in terms of area. They can be used individually or combined, making them ideal for large, heavy exhibition items. Delivery is seamless, with direct access to the halls via ramps designed for semi-trucks weighing up to 40 tons.

Our „Verde“ restaurant, with seating for 450, offers a diverse range of dining options as a self-service venue. The galleries overlooking Halls 1 and 2 provide a welcoming space to relax and take in the view.
